

Additional Litter Bin for the Village

An additional litter bin has been requested for the village to be situated by the Bus Shelter opposite the Mead.

The litter bin would need to be purchased from Glasdon as they are the preferred supplier of Somerset Council who currently empty the litter bins within the village.

There are a couple of options

Trimline 25 – Litter Bin – A post might be required or brackets to attach it to the bus shelter.

£61.83 + VAT

Topsy 65 Litter Bins – A concrete base may need to be installed to secure the bin.

£98.80 + VAT

There would also be an additional cost of emptying the bin on a weekly basis. The current price is £6.50 per empty which is currently weekly, the annual cost would be an additional £338 to the annual contract. Somerset Council would need to be contacted to add the emptying of the bin to the weekly schedule.

None of these costs are within the budget for this financial year.
